

SA053C- TETRA Leaning Ladder & Enhanced Flat Roof

**Prerequisites
Required:
SA051C**

Course Description

We aim to provide each candidate with the underpinning knowledge and practical skills to safely use fall protection equipment with leaning ladders when accessing property elevations and using work restraint processes on unprotected flat roofs. During this training candidates will be introduced to items of personal fall protection equipment which always enables the individual to safely reach their working position maintaining 3 points of contact.

Cost

£181.50 + VAT
