

SA106 FTTP Installation – MDU Pre- enablement

**Prerequisites
Required:
SA029 & SA031**

Course Description

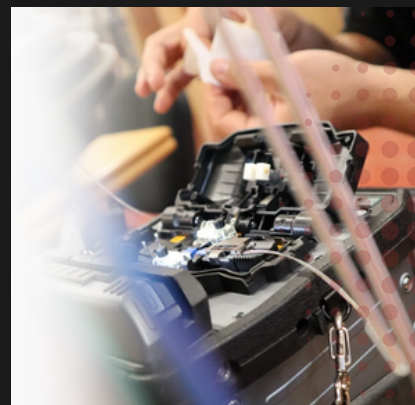

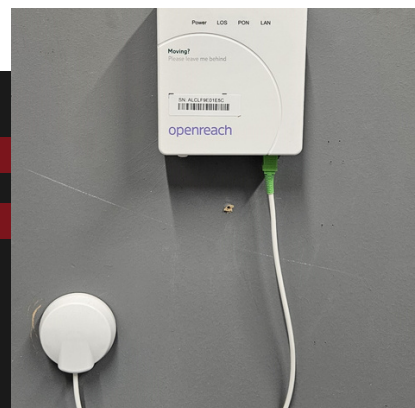

This course is ideal for engineers involved in preparing FTTP circuits from a termination point within an MDU through to the customer's premises. Learners will develop the practical knowledge and skills required to complete pre-enablement installation activity safely, correctly, and to industry standards using an existing fibre network already built to the MDU

Duration

1 Day

Cost

£181.50 + VAT
